### General Statement of Policy

I, and the Board of Directors of Power Testing Limited, acknowledge and accept our legal responsibilities for securing the health, safety and welfare of all Power Testing employees, of sub-contractors and all other parties that could be affected by our work activities.

We recognise and accept the general duties imposed upon the Company as an employer under the Health and Safety at Work Act 1974 and subsequent health and safety regulations appertaining to its operation.

To this end, I am committed to Power Testing Limited doing all that is reasonably practicable to:

- Provide and maintain a safe place of work.
- Provide safe methods and systems of work.
- Provide safe plant and equipment.
- Identify and assess risks and reduce these risks to levels as low as is reasonably practicable.
- Provide suitable and sufficient personal protective equipment relevant to working tasks.
- Ensure safe and healthy working environment.
- Ensure that management systems are in place and continuously improved.
- Provide supervision, instruction and training.
- Provide sufficient time and resources for training.
- Continually assess our competence as an organisation.
- Ensure good communication, participation and consultation throughout the business.
- Ensure performance measurement and monitoring is carried out and recorded.
- Ensure any Incidents are investigated and that corrective/preventative action plans are implemented.
- Publicise and promote this policy among staff, customers and suppliers and, more widely, via our website

To this end, it is our objective to comply with the requirements of OHSAS45001 and achieve and maintain certification by implementing, following, maintaining and continually improving a comprehensive Integrated Management System

Power Testing Limited will carry out annual and periodic reviews of this policy (including upon failures of systems or procedures) to ensure that the above standards of health and safety are maintained.

Christopher Park, Managing Director, Power Testing Ltd.
